**Assessment**

4 points

▼ Student created a spectrum.

▼ Student completed tables in Student Worksheet.

▼ Student’s experiment yielded correct results—that the highest temperature was recorded “just beyond red.”

▼ Student concluded that there must be invisible light beyond the red.

3 points

▼ Student met three of the four criteria from above.

2 points

▼ Student met two of the four criteria from above.

1 point

▼ Student met one of the four criteria from above.

0 points

▼ No work completed.
